

Terms for any and all proposals

The Incubator Treasury holds funds solely meant to help new projects, new integrator launch programs, marketing campaigns or any other community goal to pursue.

- Voting starts 24 hours after a new proposal is published
- Voting continues for 7 days (168 hours)
- Anyone holding > 1000 VIDT tokens can vote, there are no transaction fees for voting
- The amount of tokens does not count towards more voting power
- Maximum funding for standard proposals is the equivalent of \$100.000 in VIDT
- Proposals must be lawful
- Proposals must be beneficial for the VIDT DAO and timestamping technology ecosystem
- Operating proposal executor countries must not be on the list of sanctioned countries by the UN & EU
- Results must be achievable within a reasonable period of 6 months
- Significant grants are to be distributed in parts at properly defined milestones
- The yearly maximum of funds allocated to the proposals is 20% (VIDT) of the total fund determined on 1st of Jan 11:00 am CET
